

JOHN HOLLANSWORTH – HOT SPRINGS VILLAGE, AR

John sent in this photo of a P.W.S. Seminar at Chattanooga in June of 1960. In the front row, **Bernice Baron**, **F. Broberg** and **F. Walker** were from PWS General Office headquarters. The other five people in the front row are Chattanooga Plant personnel. The center row and back row are filled with PWS and G&CS personnel from both Headquarters and Field Divisions.

John says that the PWS group had just been organized. His recollection is that **Bob Dirkes** and **Paul Greer** were the bosses at that time. He remembers that he and **Jim Toner** were sent to Chattanooga for the class. The old Plan 55 had been built there.

PWS Seminar – Chattanooga, TN – June 1960
